- **User controls survey completion timetables.**
- **Online or paper and pencil completion.**
- **Session saving option** – to allow participants to save responses and come back to complete.
- **Extremely cost effective**

AQR's Employee Opinion Survey is a database driven online tool which enables organisations to gather employees' opinions and views about the organisation for which they work in an easy, fully automated and cost effective way.

The results of the survey are presented in the form of a PDF Report. This includes analyses of data gathered in graphical and numerical formats as well as recording responses to open questions. The data can be analysed in several pre-set dimensions according to the users needs.

Managing Employee Opinion Survey is STRAIGHTFORWARD

MANAGING THE PROCESS:

The Employee Opinion Survey offers two levels of account management:

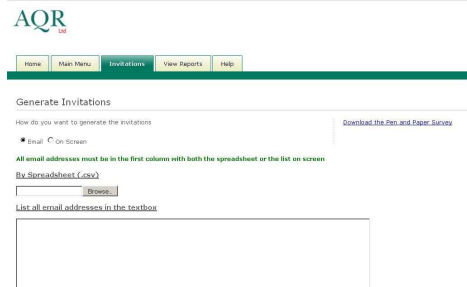

Account Manager – who is able to be the first to view the Final Report first,. Useful in enabling senior management to review the survey results before public release.

Principal Administrator – is able to set up a mailing list, generate passwords, distribute invitations to survey participants (online; onscreen; pen & paper ability) & with the Account Manager’s permission – to view/download a final report.

INVITING PARTICIPANTS:

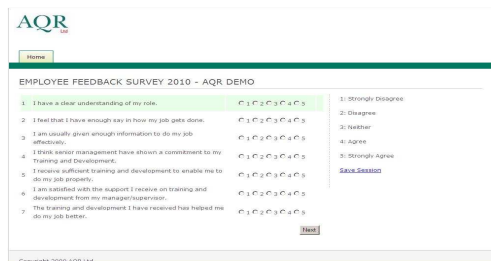

It takes seconds to invite participants to complete a survey by entering e-mail addresses.

Survey is normally completed online. A pen & paper option is available.

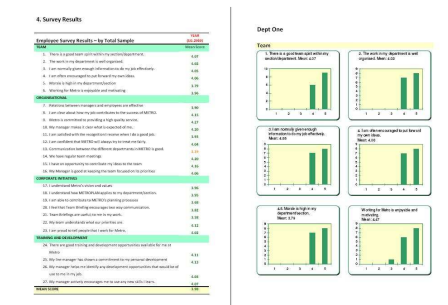

COMPLETING A SURVEY:

During completion of the survey participants have the ability to save their session and return to it at later time.

VIEWING & DOWNLOADING REPORTS:

Reports are generated immediately when the survey period closes. Reports are available for download in PDF format. The results are presented using tables and graphs.

Pricing

The Fee is based on the number of employees invited to complete the survey
